

**Covid
Guidance
for
North Shore Yacht Club
(NSYC)
Commodore's Cup Race
Sept 19, 2021**

Note: In conversation with YRALIS, most clubs are referring entrants to check their website rather than publish their Covid 19 protocols in race notices or sailing instructions. NSYC has decided to do the same.

Please note – NSYC observes New York State COVID-19 protocols. Masks and social distancing will be required for those that are not vaccinated while on the property and on the launch.

Crews race at their own risk, so it is really up to skippers and crews to comply. Please use discretion in selecting crew size. Once on the boat, please post the crew members as far away as possible from each other, and **STRONGLY** advise wearing a mask... Ideally, boat crews and Race Committee that are not vaccinated should either be family or wear masks and social distance.

In conjunction with this race is **The Commodore's LIVE Party** (formerly "Raft-Up") to be held on the outside decks (not in the clubhouse) of the Club starting at 1500 for all members. Masks and social distancing will be required for those that are not vaccinated. Reservations are required so please RSVP to Commodore Linda Kulla at commodore@nsrc.net by September 12th at the latest. We invite all participants to please join us there and make a day of it."

Contact Information: Please contact George Marks (Cell/Text 516-528-6773, Email: GeorgeRmarks@gmail.com) for questions or comments.

Thank you!
