

Smith Cup

Double-Handed PHRF Race

Sunday July 19, 2020

Sailing Instructions

The Smith Cup race is one of the races in our Club Race Series, which is described on the club website. This race is open to North Shore Yacht Club members only and is a double-handed, PHRF race. It is planned for Sunday, July 19th on Manhasset Bay and/or LI Sound, starting from the Worry Wart in Manhasset Bay with Warning Signal at 1325 hours and planned for about 2-3 hours.

We will endeavor to provide NSYC skippers and crew with a competitive, challenging and enjoyable afternoon of racing. As for Covid-19, please follow club procedures as previously communicated. Once on the boat, please post the crew member as far away as possible from the skipper, and advise wearing a mask...they race at their own risk, so it is really up to them. Ideally, boat crews and Race Committee should either be family or wear masks and social distance. Taking Covid 19 into consideration, within these instructions we will be using a sound system for signaling the start, either electric or air horn, instead of signal flags. The Coast Guard is not expected to interfere.

A **scratch sheet** listing all the boats entered will be emailed to entrants on Saturday, July 18th and posted at the Club the morning of the race. However, the Race Committee (RC) for the race may accept entries any time before the 1325 hours Warning Signal.

If there are two divisions specified on the scratch sheet, they will be 6A and 6B. Both divisions will start together, although they may have different courses, as announced on VHF channel 69 by the RC. Courses may be the same for both divisions or there may be different courses for each depending on conditions and the number of entrants.

Use VHF channel 69 to sign in with the RC at the Worry Wart (WW) and monitor this VHF channel for pre-race information, the course(s) to be sailed, RC instructions during the start and during the entire race for safety and race updates.

The race will be conducted in Manhasset Bay and LI Sound and is planned for about 2-3 hours. This is a non-spinnaker race but a whisker pole **MAY** be used. A Cruising Start* will be used, with a standard 5-minute starting sequence commencing at approximately 1325 hours.

***Cruising Start:**

- The nominal start will be governed by the initial standard 5-minute starting sequence which will be preceded by multiple "Attention" sounds one minute prior.
- The subsequent 5-minute Starting Window commences with the long **START** sound from the initial starting sequence. Each boat racing in either division must start within the subsequent Starting Window.

- Boats not Starting within the subsequent 5-minute Starting Window will be scored as Did Not Start (DNS).
- Each boat's individual Start time and Finish time, taken by the Race Committee to the nearest second, will be used to determine its elapsed time for its course.

Sound Signal Starting Sequence (for Cruising Start):

Five minutes before the start	-5 min	Warning	Single sound
Four minutes before the start	-4 min	Prep	Single sound
One minute before the start	-1 min	Prep over	Single sound
At the start	0 min	<u>START</u>	Single long sound
Cruising start period	0 min	starting	-----none-----
End cruising period	+5 min	closed	Single long sound

Start & Finish Lines: The start and finish line will be between a flag on the WW or RC launch and a pin with one flag. There will be NO separate finish line used.

The RC shall record each individual boat's Start and Finish times to the nearest hour, minute and second to determine total elapsed time.

Time Limit: The time limit for this race is 1600 hours. If one boat in a division finishes prior to the time limit, that constitutes a race for that division. A boat finishes when any part of her hull, her crew, or equipment in normal position, crosses the finish line from the course side.

Rules: This race is governed by The Racing Rules of Sailing 2017-2020 (RRS,) which are available on the club website (www.nsync.net/sailing/racing), except as modified by these Sailing Instructions. All boats shall comply with YRALIS PHRF regulations. Jib or Genoa must be attached to the forestay (only one sail is allowed at a time, except when changing headsails). Spinnakers, Bloopers, code zeros and mizzen staysails are not allowed;

Radio Communications: Every boat shall have an operating VHF radio. Please monitor VHF Channel 69 for pre-race information and announcements. The RC requests communication from participants be limited to: announcing your presence in the starting area and your intentions to race, emergencies, withdrawal, abandonment, and for reporting large changes in conditions after the start. The RC may communicate information on VHF channel 69. No redress will be granted in regards to these informal communications. This changes RRS 41 and 62.1.

The Course: Marks (yellow CBCA marks and government buoys) for the course will be taken from the Cow Bay Racing Association (CBRA) 2020 race circular and chart (available on www.nsync.net/sailing/racing....click on Cow Bay Racing Association Sailing Instructions (PDF.) Please download it if you do not have it. The marks of the course will be announced on VHF channel 69 and posted on the side of the WW, if practical. "Restrictions to Racing Area" included on the CBRA chart are applicable.

"Twice around" courses will not be used.

Shortening or Abandoning After the Start: If the RC shortens or abandons the race, it may do so by announcing the shortening or abandoning on VHF channel 69, as being at a mark of the course that none of the fleet has yet passed, the time to be taken by the skipper when within 50 feet abeam of the mark, and sent to www.nsync.net/sailing/racing.

Protests: Protests are governed by the RRS. The intention to Protest must be announced to the RC within one hour of finishing and the Protest must be submitted in writing in person, or by email, to the NSYC Protest Committee not later than noon on the day following the race.

Results: Results will be emailed to participants, posted at the club, on the website and published in the Blinker. Trophies for this race and the NSYC Club Race Series will be awarded at the annual NSYC Dinner Dance.

Please submit questions and/or comments to George Marks (516-528-6773, georgeRmarks@gmail.com)

We hope you enjoy the race.
